

# IZ CAFE

In 2000 Café Iz began as a neighborhood gathering place with a funky name and cool décor serving local and seasonal foods with the menu changing nightly. Its popularity grew and in 2002, Iz too was opened two doors down from the restaurant with a second café following in 2005. As the multifaceted company continued to grow, more room was needed to accommodate the growing business, known today as Everything Iz.

A DIVISION OF  
EVERYTHING IZ

EITHER IT IZ, OR IT ISN'T.

# TODAY

...the Rocky Ridge location of Iz

Café is located in the original Café Iz restaurant. It continues to thrive

serving Aunt Carolyn's, made from scratch daily, chicken salad, homemade pastries, like the four layer

banana cake, and a different gourmet take home dinner, such as their

chicken pot pie, nightly. Iz too Altabena opened in 2005 with the same

mission, *to exceed our customers' expectations with quality service and commitment to our products* while

providing growth to our employees in a positive working environment.

Kay Bruno Reed grew up closely

around the food business in a large family that enjoyed cooking and entertaining. Iz Café is an extension of

her 1999 dream that continues to

evolve.
